

Grant Assistance for Cultural Grassroots Projects FY 2023

Signing Ceremony of “The Project for the Improvement of Audio and Recording Equipment in the Aram Khachaturian Concert Hall”

On March 12, 2024, the Signing Ceremony of the Grant Contract (up to 72,000 USD) for “The Project for the Improvement of Audio and Recording Equipment in the Aram Khachaturian Concert Hall” within the framework of Grant Assistance for Cultural Grassroots Projects FY2023 was held in Aram Khachaturian Concert Hall.

The Grant Contract was signed between H.E. Mr. AOKI Yutaka, Ambassador of Japan to Armenia and Mr. Norayr Nazaryan, the Director of the “Armenian National Philharmonic Orchestra” SNCO, in the presence of Mr. Daniel Danielyan, Deputy Minister of Education, Science, Culture and Sports.

The Project aims to enable the Armenian National Philharmonic Orchestra and other orchestras and individual musicians who perform at the Aram Khachaturian Concert Hall to record and transmit concerts on a much higher level of quality than today and to adapt to new sound recording and transmitting requirements through obtaining a new and modern equipment. This is the second time for the Armenian National Philharmonic Orchestra to receive such grant assistance from the Japanese Government. The first time was in the framework of the Grant Assistance for “The Project for Musical Instruments and Sound Equipment to Armenian Philharmonic Orchestra”, provided in FY1999.

During the ceremony, Mr. Nazaryan welcomed the guests, expressing his gratitude to the Government of Japan, after which Ambassador AOKI and Mr. Danielyan delivered speeches, wishing successful implementation of the Project to the parties involved.
